

Been away from TMR for a while?

If you and your troop are looking for a tradition that endures the test of time, come check out Ten Mile River Scout Reservation!

We invite you, another adult leader and three members of your Patrol Leaders Council to visit us this summer and see TMR in action!

No visit to camp is complete without a Council fire, therefore your unit is invited to stay over and enjoy the culminating event of a week filled with scouting spirit!

All meals and housing for this two-day event are on us. Just give us an opportunity to give you the great outdoors as only Ten Mile River can!
